

Eureka P.C. Specification

Eureka Version 4.0 Retail Management Software is a package designed for those people who appreciate the need for full stock control in their business. With links to a number of scale manufacturers, Eureka has become the system of choice for many retailers across the U.K. and Ireland. A brief overview the minimum hardware requirements can be seen below.

Minimum System Requirements

Windows 2000 / XP or Vista P.C.* with 2GHz processor,
512 MB RAM,
2 GB of free disk space,
CD or DVD drive,
Video Card capable of 1024 * 768 pixel resolution,
A4 printer for reports (laser or inkjet),
mechanism for backing up data. (This should be either a ZIP drive, a memory 'stick' with suitable capacity or writable CD/DVD)

*** PLEASE NOTE: Microsoft Windows Vista Home does not have ALL the necessary components for running Eureka and should therefore be excluded from the list of compatible operating systems.**
